MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : Augmentation of the IG Staff

1. Following the Management Committee meeting on this subject on Wednesday, July 30, Scott Breckinridge and I have reviewed all the files of those individuals nominated by the Deputy Directors or Heads of Independent Offices. We have also interviewed those we were interested in whom we did not know from previous association.

2. In my memorandum to you of 14 July, which was the basis of the Management Committee's review, I outlined a need for ten inspectors as follows:

- four on board

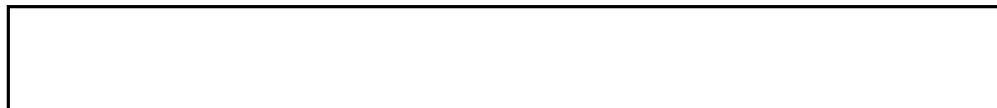

- six new ones

Four to be selected from internal nomination, two to be obtained later from the "outside."

3. The Management Committee felt that a staff of ten inspectors was probably too small, but agreed that because of many current uncertainties to go along with that size Inspection Staff for the present. The Committee directed me to report back in six months on how things were going.

4. In light of the Management Committee's remarks, I decided that we should seek six new inspectors from internal recommendations at once and worry about adding two "outside" inspectors sometime later.

5. Our choices for these six slots are as follows:

CONFIDENTIAL

CONFIDENTIAL

Approved For Release 2004/07/08 : CIA-RDP80M00165A002900220027-1

25X1

These all look to me like very capable people. In fact I was impressed generally by the caliber of individuals recommended for service with the IG. I hope you will agree with these selections.

6. With the above six, the distribution of service associations among our ten inspectors would be as follows:

DDA	-	2-1/2
DDI	-	2
DDO	-	2-1/2
DDS&T	-	1-1/2
E	-	1-1/2

7. In the past, DCI's have, I believe, had a hand in the appointment of individuals to the IG Staff. I would be pleased to receive any comments you wish to make concerning the above designees.
